Small, strong and puristic, the M-718BT does not just convince you acoustically with full, clear sound but also visually. Bluetooth audio streaming ensures a wireless connection with smartphone and tablet.

Bluetooth®

Bluetooth – Easy Connection

These HiFi systems are equipped with a CD Player and an integrated Bluetooth module that allows wireless audio streaming from Smartphones, Tablets and other compatible devices. Other external players can also be connected via cable. A front USB-Port reads audio data from USB-Sticks or hard disks. A 3.5mm Line-In jack enables the connection for a music player, TV and other audio components, headphone or preamp output.

Bluetooth®
